- All three rigs are in service; 104 and 105 are in service.
- Prat and Mitahli are proceeding on leave of absence. We wish them well.
- Cadets, Seniors at HS are all getting ready to pick colleges. Best of luck. It's good to see the next batch stepping up.
- Trainees 1, 2, and Drivers, please pick up extra shifts, especially scrambles. Use every opportunity to practice your skills. Even if you don't want to commit, if you have time and there is an opening, jump in.
- NREMT recertifications will need squad affiliation by members. Lookout for an email from Jegan this week.
- EMS Charts enhanced per our request. Now we can add extra crew members, so there is no need to create A charts to add more than four members on a call.
- Integration with Dispatch - still pending, unfortunately. Excellent work by Shripal and Anil on the updated display for IAR
