

VP Fundraising Report as of 8/17/2023

Prepared by Neena Karnad

- In the month of July '23 we received over \$5K. Thanks to the efforts of Jegan and Harshit we were able to raise almost \$1300 for the CPR classes.
- We have received final approval from the township for the placement of the Book Donation Bin. It should be installed anytime in a couple of weeks.
- Meanwhile we will start a book drive so that whenever the book bin is installed, we can put the collected books in there. We will post flyers everywhere, especially in our social media. Aayushi and Neeharika making the flyer. I urge members to circulate it to family/friends/community and perhaps have your home be a collection point in your community where you live.
- Corporate flyers were mailed out in July. Big thanks to the cadets who helped in printing and preparing the mailers.
- The Gentry community outreach event was held on 7/21/23. Some of us met members of the community and spoke at the event.
- The National Night out was a huge success. We handed out snow cones and popcorn to over 500 people!
- PRS Community Market will be held on Sunday, 8/27/23. Thus far we have participation from almost 25 vendors. We will have snow-cone and popcorn sale along with the fundraising booth. Cadets plan on having a booth too. We will also have a book collection table.
- The next Heartsaver-CPR class is coming up on 9/30/23. Please share the flyer and urge your family and friends to take it.
- The Walker Gordon's Walkathon event is on 9/10/23. We will be circulating our flyers at this event. The video of our squad was taken with interviews and was circulated in Walker Gordon community.
