### **Chief :**

- We have 7 OICs, 8 EMT2s riding currently.
- Looking forward to get back the people on leave.
- Kumar might move away.
- Stop insurance on 104 – try to discard
- Get money
- 102 – is turning out to be expensive with repairs – figure out a way to get a new ambulance.
- Maintenance is costing so much for the rigs.
- About Training fund – Had a 1on1 with the chief of PD – he doesn't want us to move away from Health department.
- Try to get all 3 rigs registered to help as much and talk to township to get funds – will support to get help in different ways, lawyers, township, Health Dept. Don has a meeting with Anthony to discuss further
- If Township doesn't help, we can remove registration on one truck and reapply for funds to get a grant.
-

- Give township option to support us to leave everything as is, if not 103 will be de-registered
- Hoping for a resolution in 3 months
- Response letter – Should be given from a legal office to have a recorded communication
- Arun spoke to senator and team, they will proceed to speak with the health committee – to get help and support – Elections are coming – people are eager to help for their own reasons – best time to reach out and involve politicians to get a better response
